All of us have times when we are battling an illness, times when, medically speaking, there is nothing that can be done. But God is not limited by the natural; He is supernatural. He knows how to correct whatever is wrong with your body. That is why one name for God is Jehovah Rapha, “the Lord your healer”. He is saying: “Don’t worry. I am your healer. I am going to do what medicine cannot do, and restore health to you.”

Don’t believe Satan’s lies that a medical condition is never going to change, and you just have to learn to live with it. Jesus has “borne our infirmities and carried our diseases…, and by His stripes we are healed”. (Isaiah 53:4-5) He didn’t leave anything out. You don’t need to endure it. Jesus already endured it. He paid the price. Healing belongs to you. It is a part of your heritage as a child of God. You need to see the sickness as temporary. It didn’t come to stay; it came to pass. Because you are a temple of the Most High God, it has no right to be there.

Exodus 15:26 “If you will listen to the voice of the Lord your God, and obey it, and do what is right, then I will not make you suffer the diseases I sent on the Egyptians, for I am the Lord who heals you.”
