Sometimes we think that when we get out of the wilderness, out of the barren place, then we will excel, then we will pursue our dreams. But God is going to cause you to flourish in the wilderness. He is going to take care of you, and make those difficult places easier than you think. You may have difficult things coming against you now, in your health, your finances, or your family. It seems like it is more than you can handle. But it is going to be easier than it looks.

Things you thought you would struggle with are not going to be a struggle. There is going to be an anointing of ease to raise your children, to overcome an illness, to build the business, to move forward after the loss etc. Right now, your Most High God is taking care of all your needs in the wilderness. The forces that have stopped you in the past will stop you no more. God is releasing you into favour, healing, freedom, and abundance. You are strong, anointed, equipped, and empowered. You *will* flourish, prosper, and blossom in the wilderness.

Hosea 13:5-6 “I took care of you during the wilderness difficult times, those years when you had nothing. I took care of you, took care of all your needs….”
