

In accounting, the term “balancing the books” means making up for a loss. If an account has a deficit, when you balance the books, you have to first take all the losses, all the deficits, and total them up. Then you know how much you need to add to balance it. When the books are balanced, nobody can tell there has ever been a loss.

In the same way, God has promised that He will balance the ‘books’ of our lives. We all go through things that put us at a deficit - a difficult childhood, the loss of a loved one, being used and abused in the business world etc. If nothing changed, we would be out of balance. Life is not always fair, but God is fair. You may go through seasons when you are out of balance, but God is going to settle your case. He will add up all the losses, the disappointments, and the sorrow, and He will pay you back. God is your Restorer and Vindicator!

Jeremiah 33:26 “...I will give them back everything they’ve lost. The last word is, I will have mercy on them...”
