

It's essential to pray and ask God to help you with every need, but don't stop there. Today's Scripture tells us to pray for one another - intercessory prayer. You have the ability to help someone else reach their pre-ordained destiny in Christ. There are people God has put in your life who won't become all they were created to be without you praying for them. They don't have the faith to accomplish their dreams, they won't break the addiction, they won't overcome the challenge without you stepping up and asking God to help them.

Prayer causes the God who created the Universe to make things happen that we couldn't possibly make happen ourselves. When you pray, all of Heaven comes to attention and the angels go to work. Chains of depression, sickness, and poverty that have held others back begin to loosen. It may not happen overnight, but your prayers have great power and will produce wonderful results.

James 5:16 "...Pray for each other so that you may be healed. The earnest prayer of a righteous person has great power and produces wonderful results..."
