

How we see our difficulties in life determines whether or not we overcome them. When you face challenges and things come against you, it's easy to get overwhelmed and start thinking, "This is never going to work out. I'll just have to learn to live with it." That kind of negative, defeatist thinking not only pushes you down, but it stops God from working. It's going to attract fear, worry, and doubt. Many believers settle for mediocrity. You need to change your perspective. If you are going to live in victory, you need to see every sickness, every obstacle, and every temptation as being under your feet. It's no match for you. It's not going to keep you from your pre-ordained destiny in Christ. It's already defeated. God is going to use it as a stepping stone to take you higher. It's just a matter of time before you break through to a new level.

1 Corinthians 15:17 "For the LORD "has put everything under His feet.""
