

King Asa took the throne of Judah and boldly removed the idols and pagan altars that his predecessors had allowed. He put a stop to what had been stopping Judah from prospering. When an army of a million men attacked Judah, Asa called out to God for help, and the Lord defeated that army, with Judah taking an abundance of plunder.

Do you need to do some 'house cleaning'? Are you holding on to behaviour and personality traits that you know are not good? You need to put a stop to them before they stop you. You need to remove the anger, the jealousy, the bitterness, a critical spirit etc. Remove it, and God will take you to a new level. He will make things happen that you could never make happen on your own. Often we think things on the outside are stopping us, but if we would look inside and remove what we know is not good, we would see God's favour in new and powerful ways.

1 Kings 15:11-12 "Asa conducted himself well before God, reviving the ways of his ancestor David. He cleaned house...and threw out all the idols his predecessors had made."
