

God has seen every unfair thing you have ever endured, every person who did you wrong, every tear, every loss. He is your Heavenly Father, and He knows how to vindicate you and pay you back for what is unfair. God will always make up for the wrongs that were done to you.

The prophet Isaiah says that when God pays you back, *“He will give you a twofold recompense.”* That means God will pay you back double. In the Scripture, it wasn’t a coincidence that after all the suffering that Job went through, he came out with double what he had before the testing of his faith. So, when you are in an unfair situation, instead of getting sour, have a new perspective - that just qualified you for double. They meant it to harm you, but God is going to use it to promote you. When He pays you back, you are going to come out loaded down with blessings.

Hebrews 10:30-31 “For we know Him who said, “Justice belongs to Me; I will repay them”; who also said, “The Lord Himself will handle these cases.” It is a fearful thing to fall into the hands of the living God.”
