

When God promised Abraham that he was going to be the father of many nations, Abraham was in his eighties. He and his wife, Sarah, were too old to have a child. God told him to look up into the night sky, and he would have as many descendants as the stars. God wanted him to have a picture of it in his mind, because He knew the negative images would come from the enemy. Every time Abraham was tempted to think the promise could never happen, he only needed to imagine all those stars of promise. Twenty years later, Sarah gave birth.

What is playing on the picture screen of your mind? God has spoken over you how you will accomplish your dreams, break that addiction, see financial breakthrough, and have your health restored. Are you letting discouraging images keep you from God's best? God wants to use your imagination for the good, to create vision, to make you joyful and hopeful, and to fill you with faith.

Genesis 15:5 "Then He took him outside and said, "Look at the sky. Count the stars. Can you do it? Count your descendants! You are going to have a big family, Abram!""
