

Satan cannot just walk right up to you and rob you of your health, peace or family. He cannot just enter your life to enforce disease and destruction. If Satan could do that, then he would not have to walk about "seeking whom he may devour". He only has to walk straight up to anyone he wants to devour, and devour him / her! But since the Bible says that he goes about seeking whom he may devour, the truth then is that there are people whom he cannot devour.

You see, Satan is a coward, thief and liar, and goes about *like* a roaring lion trying to stir up fear in people with his roars. But the people who are not devourable are those believers who refuse to be intimidated by his roars, because they know that the true Lion of Judah, Jesus Christ (Revelation 5:5), has already come and rendered powerless him who had the power of death. (Hebrews 2:14) They know that Satan cannot just do anything to them because the Lion of Judah resides in them, and that He is greater than Satan who is in the world. (1 John 4:4)

The Lion of Judah is in you. He has given you rights, privileges, authority and power. He redeemed you with His blood. Therefore, everything about you and your life is redeemed by His blood. So if you are fearful about losing your job, cover your job with the blood of Jesus. If you are worried about your children's safety in these days of the Coronavirus, plead the blood of Jesus over them. If you have received a bad medical report from the doctor, speak the blood over yourself. Whatever you have covered with the blood of Jesus, God declares: "Protected! Redeemed!" Satan flees when he sees the blood, and when he flees, he takes with him sicknesses, diseases, pains, suffering, destruction and loss. Once Satan knows that you know who you are in Christ and what you have in Him, his days of intimidating you are over, and you are numbered among the undevourable!

1 Peter 5:8 "Be sober, be vigilant; because your adversary Satan walks about like a roaring lion, seeking whom he may devour."
