

Most people go through life wondering how things are going to work out, hoping they make the right decisions, and being stressed over their finances. However, as a believer, you don't need to stress, worry and be fearful about your future. Your life is divinely orchestrated. God has already laid out the plan.

In today's Scripture verse, the apostle Paul says God is working all things according to His will. It is not according to who likes you, how much talent you have, what family you come from, or even how many mistakes you make. It's according to His will. He is behind the scenes, not only directing your steps, but directing the steps of the people you need in your life. He is not just in control of your life, He is in control of your circumstances. Nothing happens randomly - there is no such thing as luck. You are not at the mercy of setbacks. You don't need to get upset because a particular door closed. God wouldn't have allowed it if it wasn't on your blueprint. It's not going to keep you from your purpose; it is leading you to your purpose.

Ephesians 1:11 "In Him we were also chosen, having been pre-destined according to the Plan of Him who works out everything in conformity with the purpose of His will."
