

When Abraham was old and close to death, he told his assistant to travel back to his hometown to find his son, Isaac, a wife. The assistant asked him how he would know if it was the right girl, and by his reply, Abraham was in effect saying: "Don't worry because I have a history with God. I have seen His faithfulness over and over down through the years. I am confident it will happen. I have walked with God and seen His goodness."

So, instead of wondering if something is going to work out, worrying about your health, stressing out over your finances etc., remember your history with God. Look back at what He has already done in your life. As Abraham did, you will see times when God brought a promise to pass that looked impossible, He provided when you didn't see a way, He showed you mercy and turned a situation around. Whatever you face, keep walking in faithfulness and be confident and expectant that He will do it again and make your journey a success.

Genesis 24:40 "He replied, "The LORD, before whom I have walked faithfully, will send His angel with you and make your journey a success..."
