

King Jehoshaphat and the people of Judah were surrounded by three major armies. They could have panicked, but instead Jehoshaphat called people together to pray. He didn't deny the facts, or act like the problem didn't exist. He admitted they were powerless, but he followed it up with: "But our eyes are on You, God. You are all-powerful."

When you remember that God will always be on His throne, you will be at peace when you could be panicked. You will be praising when you could be complaining. God told Jehoshaphat to march toward the enemy, and he appointed singers of praise to walk ahead of the army. The Lord worked a mighty victory, and they didn't even have to fight. Your problems may look too big, and you may be powerless, but you have the most powerful force in the Universe on your side. You may not know what to do, but when your eyes are fixed upon Him, He will always make a way where you don't see a way.

2 Chronicles 20:12 "...For we are powerless against this great horde that is coming against us. We do not know what to do, but our eyes are on You."
