

Don't look at your own faith and think: "I don't have enough faith for the breakthrough I need." Faith is nothing more than looking to Jesus.

There were only two individuals in the Bible whom Jesus described as having "great faith": the centurion who believed Jesus only had to speak a word and his servant at home would be healed (Matthew 8:5-13), and the Syro-Phoenician woman to whom Jesus said: "O woman, great is your faith!" (Matthew 15:21-28) Neither of them was conscious of their own faith. Do you want to know what they were conscious of? They were conscious of Jesus. They saw Him as the One who was faithful and powerful. They had a great estimation of His grace and goodness. As they saw Him in His grace, He saw them in their faith!

So, don't stress and worry about whether or not you have enough faith. Just look to Jesus. Spend time in His presence. Read books, watch sermons, listen to podcasts etc. that are full of Jesus. When you touch Jesus, you touch faith because He is the Author and Finisher of faith. (Hebrews 12:2) The Bible declares He is faithful, and will never allow you to go through more than what you can bear. (1 Corinthians 10:13) He *will* carry you through.

2 Corinthians 5:7 "For we walk by faith, not by sight."
