

In Mark 11, Jesus was hungry and walked over to a fig tree, only to discover that it was barren. After He said: "May no-one ever eat fruit from you again", there was no evidence that what He said had happened. However, the next morning "the disciples saw the fig tree had withered from the roots." When Jesus spoke to the tree, the source was cut off in the roots. It had still looked alive, but it was just a matter of time before the outside caught up with the inside.

When you pray, Jesus says you need to believe that God put the miracle in motion. You cannot wait for the evidence, and then you will start believing; you need to believe first. Whether it is for freedom from an addiction, the healing of a sickness, or a breakthrough in your finances, the prayer of faith says: "When I pray according to God's Word, I believe it happens immediately when I pray." It is just a matter of time, and then you will see the manifestation of what God promised.

Mark 11:24 "Therefore I tell you, whatever you ask for in prayer, believe that you have received it, and it will be yours."
