

God not only knows everything you need in the future, but He also knows when you are going to need it. He is the Source. He knows where all the good things are. He has already lined up everything you will need. He is not going to withhold the finances, the health, the ideas, or the connections. Stop worrying about how it's going to work out. God is fully in control. He has unlimited resources. He knows how to get you to the right place at the right time. He can give you one idea that will catapult you to a new level. He can cause one person to come across your path who will help you accomplish a dream that seems impossible.

Too often we are striving to make things happen on our own, trying to beat doors down. God is saying: "Ask Me for help. Call on My Name, and I will answer. Acknowledge Me every day as your true source. What you are believing for, I already have prepared."

Psalm 84:11 "For the LORD God is our sun and our shield. He gives us grace and glory. The LORD will withhold no good thing from those who do what is right."
