

In the Bible, when God told Ananias to go pray for Saul, Ananias didn't want to go. Saul was the biggest persecutor of the church. Ananias didn't know that Saul's life had been changed on the road to Damascus. He was worried and started telling God all the reasons why he shouldn't go. He didn't realize that God had already taken care of what worried him. When he went and prayed for Saul, instead of finding an enemy, he found an ally.

Some of the things we worry about, God has already changed. He has already set the miracle into motion. He has already spoken to the right people. He has already lined up the healing or breakthrough. It is just a matter of time before it manifests in the natural and you experience it. There is no reason to be stressed and worried about your finances, that situation at work or that negative medical report. The threat has already been taken care of, and the solution is en route. Stay in peace, and as Ananias did, you will come into what God has already done on your behalf.

Acts 9:13 ""But Lord", exclaimed Ananias: "I've heard many people talk about the terrible things this man has done to the believers in Jerusalem!""
