

Where would you be if God had not redeemed you from your wrong choices? Some of the things in your past - the group of friends, the drugs and alcohol, the reckless driving, a random accident - could have easily taken you out. You were headed down the wrong path, doing things that you knew were not Godly, but you encountered the God who overrules. He loves you too much to let you miss your purpose. Today's Scripture verse talks about the tender mercies of God - not "mercy" but "mercies". Again and again, God has shown you mercy. His mercies are new and available to you every morning.

You may have made many mistakes, but the good news is, you don't need to carry that around with you. Do you feel like there is something between you and God right now? Approach His throne of grace and receive His mercy. Ask for His forgiveness for every failure. Don't carry around yesterday's mistakes any longer. Let Him refresh and restore your soul and spirit right now.

Psalm 103:4 "Who redeems your life from destruction, who crowns you with lovingkindness and tender mercies..."
