

In today's Scripture verse, David says: "My cup runs over." When you pour water into a cup, you stop when the cup is full. You are limited by the cup's size. But God says: "When I pour out a blessing, I am not limited by your capacity to receive." Our dreams and our cup of faith may be small. If God only blessed us according to how much we believe, we would be limited. If it was just up to us, we would never experience God's promise: "Now to Him who is able to do exceedingly abundantly above all that we ask or think..." (Ephesians 3:20)

But God is so good and loving that He says: "Even when you have a little cup of faith, that is not going to stop Me from the big blessings I have in store for you." Get ready. He is not going to stop pouring at the top of your cup. He is going to give you running-over blessings. So believe that He *will* bless you way beyond what you have faith for.

Psalm 23:5 "My cup runs over."
