

When David praised God that He had made him wonderfully, he wasn't just talking about his looks or his personality and talents. He was talking about your infrastructure, the way God designed things in you that you cannot see. It is about how He planned for the challenges you would face, things you think would overwhelm you, but out of nowhere a strength rises up, a boldness comes on you, with faith to overcome it and a determination to stand strong and outlast the opposition. Because God designed you, you are stronger than you think. You have more endurance, more stamina, and more capacity for grace, mercy and forgiveness than you can imagine.

Don't complain when something feels overwhelming - a loss, a setback, a disappointment etc. That is when you discover what is in you. You will discover perseverance, courage, and faith like you have never experienced before. If you maintain the right attitude, the pressure will develop and mature you rather than break you. You will grow so that you can go higher, to see new levels of influence and favour.

Psalm 139:14 "I praise You because I am fearfully and wonderfully made; Your works are wonderful, I know that full well."
