

Today's Scripture verse says that when you know you can be a blessing, when you have the resources to help a person in need, or when you can teach them the skills you have learned, don't put it off. You may think: "I cannot help this person. I need to focus on fixing my own problems." But when you make sacrifices to help other people's dreams come to pass, God will always help make your dream come to pass. As you bless others and show them favour, God is going to bless and favour you.

Don't live focused only on yourself - your problems, your sickness, your trouble at work etc. Go and be a blessing to someone in need. Sow a seed with your finances or a word of encouragement. Go visit your co-worker who is in the hospital and pray for them. Call your friend and speak faith into their dreams. Take your elderly neighbour an evening meal. When you help solve their problems, you are setting a miracle in motion for yourself, and God is going to solve your problems.

Proverbs 3:27 "Do not withhold good from those to whom it is due, when it is in your power to act."
