

The Congo River in Africa is the deepest river in the world - so deep we don't know how deep it is. But you have got something better inside of you. The greatest 'river' in the Universe is the water of the Holy Spirit flowing from Christ through believers. Jesus told the woman in John 4:14: "But the water that I shall give him will become in him a fountain of water springing up into everlasting life." In John 7:38-39, He said: ""He who believes in Me, as the Scripture has said, out of his heart will flow rivers of living water." But this He spoke concerning the Spirit."

Try to picture it. From deep within you, the Lord Jesus is unleashing rivers of grace that will refresh others.

Revelation 21:6 "I will give of the fountain of the water of life freely to him who thirsts."
