

It is significant that despite all of today's incredible technology and amazing medical advancements and procedures, one virus, the Coronavirus, such a seemingly small thing, shut down the whole world in 2020. It poignantly reminds us of just how little control we have over our world.

If we put our trust in our finances, they can go down overnight. If we put our trust in our job or our career, it can suddenly change for any number of reasons. That is why it is so important to put your trust in God. He is the One who doesn't change. He is the true Source of your strength, ideas, creativity, resources, and wisdom. God is the giver of all good things. Yes, we appreciate the companies we work for and the monthly income, but they are not our true source. They are simply a resource that the true Source is using.

God always honours those whose hearts are turned toward Him. Make sure that you always keep Him first place. You don't need to seek the blessings; just seek Him and the blessings will seek you.

Isaiah 31:1 "Woe to those who run to Egypt for help, trusting their mighty cavalry and chariots instead of looking to the Holy One of Israel and consulting Him."
