

The Scripture says that when you gave your life to Christ, you became a new creation. You were born into God's family to overcome and live in victory. It doesn't matter what your present circumstances look like. That addiction didn't come to stay. Freedom is in your spiritual DNA. That sickness is not permanent. Health and wholeness are in your DNA. That family problem, strife, division; it is not going to last forever. Restoration is in your DNA. Lack, struggle, and barely getting by are not your destiny. Abundance, increase, opportunity, and good breaks are in your DNA. Why? Because of who your Heavenly Father is.

So when the enemy puts negative thoughts in your mind, trying to convince you that it is never going to happen, just go back and check your spiritual birth certificate. Remind yourself of who you are. Just keep declaring this truth: "I have already checked my birth certificate. I know who I am. My Father's name is God. It says so in the Word of God."

1 John 5:4 "...for everyone born of God overcomes the world. This is the victory that has overcome the world, even our faith."
