

In the Scripture, when Moses was born, Pharaoh had put out a decree that all the male Hebrew babies were to be killed. From Moses' birth, the enemy was trying to stop him with adversity. Moses' mother hid him in the house for three months, then she put him in a papyrus basket and hid him along the dangerous bank of the Nile. When Pharaoh's daughter discovered Moses and fell in love with him, her father, who had made the decree, allowed her to keep the Hebrew baby and raise him as her own.

When God is fighting your battles, things will happen that don't make sense. You may be facing all kinds of adversity and wonder why. Adversity is a sign that greatness is in you, and that the enemy is trying to push you down to keep you from leaving your mark. So be strong, and get ready to step into your greatness.

2 Chronicles 15:7 "But as for you, be strong and do not give up, for your work will be rewarded."
