

The difference between a dream and a wish is that a wish is something you hope will happen, but a dream is something you put actions behind. Today's Scripture verse says that faith without works is dead. You can wish for a better job, or wish for a better car, but wishing is not going to get you there. You need to put the work in to make it happen. The people who succeed don't always have the most talent, education, or opportunities. Often, they simply desire it more than others.

You need to pursue what God has for you. Being passive and indifferent will keep you from your destiny. When you make up your mind that you are going to do something, God will breathe on your efforts and give you strength that goes beyond your natural ability. It is not just willpower; it is the blessing of God helping you, but it only kicks in when God sees you making the effort.

James 2:20 "But do you want to know, O foolish man, that faith without works is dead?"
