

In today's Scripture verse, the disciples had just seen Jesus feed some 15 000 (men, women and children) people with two small fish and five small loaves of bread, which is one of the greatest miracles ever recorded. A few hours later, they were caught in a night storm in a boat on a lake and terrified until He got into the boat, and the winds and waves calmed immediately. The Bible tells us that they were so worried because "they didn't consider or understand the miracle of the loaves." If they had just remembered what God had done, they would have stayed in faith.

Are you letting your circumstances, a medical report, or a financial situation cause you to live worried, stressed out and fearful? Why don't you start considering your miracles? You have a history with God. Remember the time God showed up and suddenly turned it around. Every victory He has given you wasn't just for that time; it was so you could go back and use that as 'fuel' to build your faith. If you are low on faith, go back and get some 'fuel'. It is in your past victories.

Mark 6:52 "They were totally amazed, for they still didn't understand the significance of the miracle of the loaves. Their hearts were too hard to take it in."
