

With our world seesawing around us, unbelievers everywhere don't know what to do or expect. However, as believers, we have a stabilizing factor built into our personalities. We have God's peace amid uncertainty. Jesus brings stability in an unstable world. We don't need to waver, because we are strengthened by faith in the promises of God.

Just as God kept His promise to Abraham, making him father of many nations, God will keep His promises to you. He is ever-present, so don't be afraid of local, national or world events. He is with you every moment of every day. You can be confident in His presence, strengthened in faith, giving glory to God. Maintain your peace by looking up to Jesus Christ every moment.

Romans 4:20 "He did not waver at the promise of God through unbelief, but was strengthened in faith, giving glory to God."
