

God's idea is that our lives get bigger and bigger - more influence, more opportunities, more resources. But you may feel stuck. You haven't seen this happen yet, but this is a new day. Things are about to turn in your favour. If you get your hopes up and start expecting God's goodness, you are going to come into a bigger life, to a new level of your destiny.

You may be in a limited environment right now that you cannot change. If you see lack, dysfunction, struggle, and addictions on a regular basis, it can become ingrained in you to the point where you think that is the way it is supposed to be. The key is to not let the environment get in you. Don't let mediocrity become the norm. Don't live with a small mentality. Don't water down your hopes and dreams, accepting less when you know God has created you for more. Start believing bigger. Start taking steps of faith, stretching, growing, and learning. Start living larger, and God will amaze you with His goodness.

Proverbs 4:18 "But the path of the righteous is like the light of dawn, which shines brighter and brighter until full day."
