

In today's Scripture verse, we think it only means that we should never lie to other people. But it also means to not tell lies about yourself. Don't go around saying things that contradict what God says about you. "I'm just average. I'm not good enough. I'll never do anything great." That is telling lies. God didn't create anyone average. When He breathed life into you, He put greatness inside. You need to watch your tongue if you want to see this long, prosperous, amazing life that He has destined for you. Be careful what you say about yourself. You cannot put yourself down, and expect to rise up to who you were created to be.

No more speaking defeat, talking about how you cannot get well, cannot break the addiction, cannot start your business. Get in agreement with God. All through the day, bless yourself by saying: "I am strong. I am talented. I am healthy. I am well able." Speak life, speak favour, speak victory, and watch God show out in your life.

Psalm 34:12-13 "Does anyone want to live a life that is long and prosperous? Then keep your tongue from speaking evil and your lips from telling lies!"
