

It is easy to start thinking that we have seen our best days when our business slows down, a person walks away, or a plan fails. But God never does His greatest feats in your yesterdays, they are always in your future.

Today's Scripture verse says that what God has in front of you is more fulfilling and rewarding than anything you have seen in the past. But sometimes before it gets brighter, it gets darker. Before we see more than enough, we go through a season of not enough. There are times when He is shaking things up to move you out of the good into the best. If He didn't close those doors, you wouldn't see the fullness of your destiny. We may not like the process, and it may not make sense to us, but that disappointment, the breakup, or the slow season won't stop what God has for you. It is positioning you for favour that you have never seen. You are going to come out, not like you were before, but healthier, stronger, promoted, and increased.

Proverbs 4:18 "The path of the righteous is like the morning sun, shining ever brighter till the full light of day."
