

For 13 years it seemed as though Joseph's life would end in a deep deficit. He was sold into slavery by brothers who should have loved him, falsely accused of a crime and put in prison by someone who should have trusted him, and had a promise broken and was forgotten. Despite all these unfair things, and all the odds against him, Joseph suddenly went from prisoner to the Prime Minister of Egypt in a single day. God gave Joseph a payback and used it all to work out His plan for Joseph's life.

You may be in a deficit now. Life hasn't been fair, people left you out, a family member turned on you, a sickness set you back etc. You are tempted to lose your passion, to give up on your hopes and dreams. But stay in peace and be your best, for your time is coming. God is about to do something unusual, something extraordinary. Suddenly you will be vindicated, suddenly you will be promoted, suddenly your crooked places will be made straight. What is that? It is the power of the Most High God settling your account.

Genesis 50:20 "You intended to harm me, but God intended it all for good. He brought me to this position so I could save the lives of many people."
