

When we walk into a new situation in life, there is often some fear in our heart. Venturing into the unknown can make us feel anxious and fearful. It is only when we begin to build relationships and adjust to our surroundings that the fear subsides. The unfamiliar becomes familiar.

Investing in our relationship with the Lord has the same effect. When we spend time with our Heavenly Father, the fears in our life subside. When we study His Word, we see how He protected His children from their enemies and worked miracles on their behalf. We become confident in His unchanging love and care for us. Our God is omnipotent - all-powerful. He is with us no matter where we are or what we are experiencing. He alone makes the unfamiliar familiar, and changes our fear into peace.

Allow these truths to settle into your soul and spirit so that when fear comes, you can be confident knowing who your God is.

Psalm 27:1 "The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?"
