

In this life, you need to realize that you *will* have some 'dirt' put on you. At times, it feels like you are a buried 'seed'. You feel like you will never get past a sickness, a trouble, an addiction. It is dark, you feel pressure all around, and you don't see a way out. The good news is that you are not buried, you are planted. When you are buried, you are done, but when you are planted, you are coming up again, stronger, healthier, more successful. But being planted feels the same as being buried. It is dark, it is uncomfortable, and you feel pushed down and compacted. If you get discouraged, you will give up on your dreams.

Remember that the life of Almighty God is in your seed and is designed to push through the dirt. His life is far more powerful than any force that is trying to hold you back. Get ready, the seed God put in you is about to spring forth - the dreams, the health, the freedom, the abundance, the right people. The greatness God put in you is about to become a harvest.

John 12:24 "I tell you the truth, unless a kernel of wheat is planted in the soil and dies, it remains alone. But its death will produce many new kernels - a plentiful harvest of new lives."
