

You may be in a Winter season, not seeing the favour, the growth, or the fruit you have seen in the past. None of us like to go through difficulties, but when you understand that without the Winter you cannot see greater growth, greater fruit, then you don't complain. Instead, you say: "Lord, thank You that I can do this season of taking care of my elderly parents, or when I am not being treated right at work, or when I am dealing with this illness." Like a tree in Winter, you are gathering up sap, getting stronger. Your character is being developed, and you are learning to trust God in a greater way. You wouldn't be in Winter if God didn't have something bigger planned. The fact that your branches are bare is a sure sign that increase is coming.

Remember that Winter always gives way to Spring. God is about to do a new thing in your life. This Spring season is going to bring great joy, great favour, great health, and great relationships. It is going to be favour, opportunity, and influence greater than you could imagine.

Song Of Solomon 2:11-12 "Look, the Winter is past, and the rains are over and gone. The flowers are springing up, the season of singing birds has come, and the cooing of turtledoves fills the air."
