

The prophet Habakkuk wrote that we are to write down our vision, and the dreams and promises God puts in our heart. Are you missing blessings, favour, healing, and breakthroughs because your pen is not ready? You are thinking: "Maybe it will happen, maybe it won't." No! Write it down. Get in agreement with God. You don't need to figure out how He is going to do it. He didn't ask you to write the how. He just said: "Write what I have spoken to you."

As you keep that vision in front of you, and keep thanking Him that it *is* on the way, the Scripture goes on to say that though the vision is fulfilled slowly, wait on it. You *are* going to come into an appointed time, and it will not be late. You are going to see God bring dreams to pass, turn your medical situation around, get your child back on course, catapult you to a new level etc. Wait in faith, wait with expectancy, knowing that God *is* working. You are closer than you think. You are on the verge of seeing something in your life that you have never seen before.

Habakkuk 2:3 "Slowly, steadily, surely, the time approaches when the vision will be fulfilled. If it seems slow, do not despair, for these things will surely come to pass. Just be patient! They will not be overdue a single day!"
