

In Mark 5, there was a lady who had a bleeding disorder for 12 years. She had spent all her money on the best doctors, but was told her illness was untreatable. One day she heard that Jesus was passing through her town, and something came alive in her. Her faith rose up. She left her house determined to push through the crowds and push through her doubts, and get to Jesus. She kept saying that if she merely touched His garments, her health would be restored. She reached out, touched the edge of His robe, and was healed. Jesus looked at her and said: "Daughter, your faith has made you well. Your faith activated this flow of healing."

Are there some divine flows you are missing out on because you are not activating them? You are brushing up against Jesus so to speak, but you are not touching Him. You need to stretch your faith, press past the doubts, press past the naysayers who tell you what you cannot become, how you won't get well etc. You need to press past the negative chatter, and activate the flow.

Mark 5:28 "For she kept saying: 'If I only touch His garments, I shall be restored to health.'"
