

At all times you need to pay close attention to what you are thinking about. Do you realize that you are drawing in what you are constantly dwelling on? Your thoughts are running your life. Is what you are thinking about what you want? If you are thinking weak, defeated, "I cannot do it." thoughts, you are going to feel overwhelmed and get stuck where you are. But if you are thinking power thoughts, such as, "I am well able to defeat whatever comes against me. God is fighting my battles. God parted the Red Sea, closed the mouths of lions, and brought the dead back to life. No obstacle is a match for Him. My future is very bright." that is what you will get.

God says that He will never let you face anything you cannot handle. He will always give you the grace, the strength, and the faith to defeat the difficulties and enemies that come your way. If you stand firm, they *will* flee. When you believe, *all things* are possible, so get your thoughts going in the right direction.

Deuteronomy 28:7 "The LORD will cause your enemies who rise against you to be defeated before your face; they shall come out against you one way and flee before you seven ways."
