

When you come to God with your prayers, don't be a beggar, be a *believer*. Some people come to God pleading for the same promises again and again. No! God heard you the first time you asked. Don't pray like He didn't. When you pray, believe that He is faithful, that the miracle was set in motion, and start thanking God that it is on the way. Believe that you are a child of the Most High God, and that He is your loving Father who joyously gives you His Kingdom with all its promises. No more begging God year after year.

Most of the time after you receive a promise from God, or a desire He has laid on your heart, there is a waiting period when you don't see anything happening. All you have is a promise, but it is from the God who created the Universe. You have a word from the God who calls you a masterpiece, the God whose good pleasure it is to give you the Kingdom. Your Heavenly Father gave you His Word. Believe, and receive it.

Luke 12:32 "So don't ever be afraid, dearest friends! Your loving Father joyously gives you His Kingdom realm with all its promises!"
