

When God created the world, He built seasons into the rotation. We experience them differently depending on where we live, but most of us recognize Summer and Winter, Spring and Autumn. (see Genesis 8:22)

In the Lord's brilliant design, the shifting of the seasons also represents the cycle of our lives. What season of life are you in? If you look closely, you will find it is beautiful. God does all things well. When He leads us through the seasons, two things happen. We grow in our maturity, and He grows more precious to us every day.

So look around you each day and find some beautiful spot to rest your eyes, and then praise the Lord. Also look within you each day, and find some sweet blessing to rest your heart, and then praise the Lord.

Ecclesiastes 3:1 "To everything there is a season, a time for every purpose under Heaven."
